## OBJECTIVE

Lorem ipsum dolor sit amet, consectetur adipiscing elit.

## EXPERIENCE

Student Success Ambassador | Student Success U | 08/2017 – Present

- Think critically about shared needs and synergy between brand platform and campus community
- Train new ambassadors on platform, material, and campus awareness strategies to help STEM students increase real world soft and life skills
- Speak to students and admins on campus and in high schools through ambassadorship program to better communicate early discovery
- Lead team of 3 brand ambassadors on campus as a STEM student success thought leader, balancing academic and real world preparation early
- Host on-campus meetings with students interested in developing employable and life skillsets that offset technical and academic side of STEM
